

We make your business loads easier

since 1923

## Standard and Individually designed Mobile yard ramps from the most trusted manufacturer for 80 years

With an extensive experience in manufacturing high quality loading bay equipment and materials handling solutions since 1923, Titan Mobile yard ramps are ideally matched to your logistic need while improving safety.

Our Titan range is the classic solution for loading and unloading cargo from trucks and containers, saving you time and supports your logistics tasks at just the right height.

The Titan Mobile yard ramps are designed by Chase to operate under the most arduous of conditions with ease of manoeuvrability and operator use.

### Features of the Titan mobile loading ramps include:

- Ease of manoeuvrability and operator use
- Long service life
- Durable finish with rust inhibitor
- Finely balanced and 'push-pull attachment' to assist manoeuvring
- All steel manufacture
- Hydraulic hand pump for easy lowering and raising of ramp to desired height
- Durbar run-on plate to take the impact of the forkluck
- Expanded-metal open mesh bed for maximum grip
- Chains and anchor brackets to secure ramp to truck
